

February 12, 2021

Hello Auburn Hill Residents, Families, and Friends!

I wanted to give you a little update on our status here at Auburn Hill. We had another successful round of COVID surveillance testing this week. I am happy to report that we do not have any new positive cases currently at the community.

As you know, we began to reopen the dining room this week, starting with one meal being served. It was so nice to see everyone socializing and out of their apartments. We also began offering some small group activities, which we were so happy to start again!

Starting next week, we will begin having all 3 meals in the dining room. In addition to this, we will be increasing activities provided. We will continue with this plan for the next 2 weeks and will base decisions on lifting restrictions on our current COVID status and any new or additional guidance from VDH and CDC.

In the event that we are able to proceed, we will be looking at opening salon services, and scheduled visitations in our private dining room. We are very hopeful that this will be the case, and we wanted to make sure that you had some type of timeline to look forward to.

We will continue to offer video chats and window visits as an option to see you loved ones, please reach out the concierge at 804-456-4455 for scheduling.

I will continue to send you updates on surveillance testing results and any changes to our reopening plans. It's nice to feel some forward movement and we appreciate your support on this ever-changing journey we have been through over the past year.

As always, please do not hesitate to let us know if you have any questions. Stay warm and healthy this weekend!

Thank You,

Kelly Carter, Executive Director
