

AUBURN HILL
SENIOR LIVING

January 10, 2022

Dear Residents, Families and Team Members of Auburn Hill Senior Living,

I wanted to update you on our COVID status here at Auburn Hill. We currently have 2 residents in assisted living with positive test results, and 1 additional resident in memory care. Families have been notified. All residents have been tested today. We have one additional team member who has tested positive, and they are at home on quarantine.

We have notified VDH of our current status. We are currently working on what next steps look like for additional testing and we will provide updates to everyone once it is established.

Team members are required to wear masks while in the community. As a reminder, visitors are required to wear masks while entering the community and may remove them once in the apartments if both parties are vaccinated. Please remember that visitations must occur in the apartments or outside. Restrictions for visitation in common areas, activities, and dining are still in place. Please do not visit the community if you are experiencing any signs or symptoms of COVID.

As always, thank you for all of your support and understanding. If you have any questions, please do not hesitate to reach out.

Thank You,

Kelly Carter, BSW, LNHA
Executive Director, Auburn Hill
