

AUBURN HILL
SENIOR LIVING

January 17, 2022

Dear Residents, Families and Team Members of Auburn Hill Senior Living,

I wanted to provide an update to you on our COVID status here at Auburn Hill. We have completed testing of all of our residents, and we are happy to announce that we currently do not have any new positive results. We have one additional team member who is at home on quarantine. This individual did not work in the community over the weekend and has been at home pending results.

At this point, we do not plan to repeat any testing, unless of course recommended by the department of health, or as our daily COVID screenings dictate.

Team members are required to wear masks while in the community. As a reminder, visitors are required to wear masks while entering the community and may remove them once in the apartments if both parties are vaccinated. Please remember that visitations must occur in the apartments or outside. Restrictions for visitation in common areas, activities, and dining are still in place. Please do not visit the community if you are experiencing any signs or symptoms of COVID.

If you are in the community today, or speak with your loved one, you may hear some alarming and beeping today. We have our vendor here today inspecting our fire systems in place. We expect that they will be completed with their routine inspections today.

As always, thank you for all of your support and understanding. If you have any questions, please do not hesitate to reach out.

Thank You,

Kelly Carter, BSW, LNHA
Executive Director, Auburn Hill
