

AUBURN HILL
SENIOR LIVING

March 25,2022

Dear Residents, Families and Team Members of Auburn Hill Senior Living,

We have completed COVID testing for our Memory Care/Innovations residents. I am happy to inform you that we have no positive results. We continue to screen residents daily for signs and symptoms of COVID.

Although we are not at a point where we can lift our mask requirement, we would like to be able to move life forward here at Auburn Hill. Visitation will no longer be limited to resident apartments or outside. Visitation may now occur in common areas, including resident activities. Visitors may reserve the private dining room with a 24-hour notice provided to the concierge at 804-456-4455.

All visitors and employees are required to complete the COVID screening at the front desk. Masks must be worn in the community. Please do not visit if you are experiencing any signs or symptoms of COVID.

Starting Tuesday, April 5th, we will begin our routine schedule of offering transportation for medical appointments. As of right now, transportation days will be on Tuesday and Thursday from 9am-3p. Transportation appointments must be made a minimum of 24 hours in advance and can be made through the concierge.

I wanted to let you know that our Employee of the Month is Alexis Chong. Alexis works in our Activities Department. Her dedication and hard work to provide quality activities to our residents is greatly appreciated. Please join me in congratulating her.

Our "HEART" of the month is Winee Mealy. Winee is a Direct Care team member who works primarily on the day shift on Innovations. We have enjoyed watching her grow into a team player who puts the residents first. Please join me in congratulating her.

As always, thank you for all of your support and being a part of the Auburn Hill family. Please do not hesitate to contact us with any questions.

Thank You,
Kelly Carter, BSW, LNHA
Executive Director, Auburn Hill
