

AUBURN HILL
SENIOR LIVING

December 14, 2020

Hello Auburn Hill Residents, Families, and Friends!

I wanted to give you an update at Auburn Hill. There are three test results still pending from last week's round of testing. Currently we do not have any additional positive cases.

We are very sad to report that while we cannot confirm the specific cause of death due to other active medical conditions, one of our residents who previously tested positive has passed away. We continue to keep the residents and families affected by COVID in our thoughts and prayers.

We will be conducting COVID testing on Wednesday for all residents and team members. Any positive results from this will be communicated directly to the residents and family and team members.

I do not have any additional updates regarding the vaccine at this point. As we get more information, I will send out communication to you.

As always, a big THANK YOU to all of our residents, families, and team members who have continued to provide support to Auburn Hill through these times. We appreciate all of you!

Should you have any questions or concerns, please do not hesitate to reach out to us.

Thank You and Take Care,

Kelly Carter, Executive Director
